Applicant	NSK	LTD.				
<ol> <li>This report is the international preliminary examination report, established by this International Preliminary Examining Authority under Article 35 and transmitted to the applicant according to Article 36.</li> </ol>						
This REPORT consists of a total of3 sheets, including this cover sheet.						
3. This report is also accompanied by	ANNEXES, comprising	;				
a. (sent to the applicant and	a. (sent to the applicant and to the International Bureau) a total of 1 sheets, as follows:					
sheets of the description, claims and/or drawings which have been amended and are the basis of this report and/or sheets containing rectifications authorized by this Authority (see Rule 70.16 and Section 607 of the Administrative Instructions).						
sheets which supersede earlier sheets, but which this Authority considers contain an amendment that goes beyond the disclosure in the international application as filed, as indicated in item 4 of Box No. I and the Supplemental Box.						
b. (sent to the Internation			pe and number of electronic carrier(s))			
, containing a sequence listing and/or tables related thereto, in computer readable form only, as indicated in the Supplemental Box Relating to Sequence Listing (see Section 802 of the Administrative Instructions).						
This report contains indications relating to the following items:						
Box No. I Basis of the report						
Box No. II Priority						
Box No. III Non-establishment of opinion with regard to novelty, inventive step and industrial applicability						
Box No. IV Lack of unity of invention						
Box No. V Reasoned statement under Article 35(2) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement						
Box No. VI Certain documents cited						
Box No. VII Certain defects in the international application						
Box No. VIII Certain observations on the international application						
Date of submission of the demand		Date of completion of	of this report			
13 January 2004 (13.01.2004)		26 October 2004 (26.10.2004)				
Name and mailing address of the IPEA/JP		Authorized officer				
Facsimile No.		Telephone No.				

International application No.

### INTERNATIONAL PRELIMINARY REPORT ON PATENTABILITY

International application No.
PCT/JP03/09209

Box No. V	No. V Reasoned statement under Article 35(2) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement					
1. Statement						
Novelty (N)	Claims	1	YES			
		Claims	2	NO		
Inventive step (IS)	Claims		YES			
	Claims	1-2	NO			
Industrial applicability (IA)	Claims	1-2	YES			
		Claims		NO		

2. Citations and explanations (Rule 70.7)

The subject matter of claim 1 does not appear to involve an inventive step in view of document 1 [FR, 2792378, A1 (SKF France), 20 October, 2000 (20.10.00), & WO, 00-63569, A1, & EP, 1171718, A1, & CN, 1346426, T, & JP, 2002-542436, A, & CN, 1098980, B, & DE, 60000541, T] cited in the ISR. A person skilled in the art could have easily applied the bearing described in document 1 to a motor vehicle. Using an antifriction bearing in a motor vehicle is well known.

The subject matter of claim 2 does not appear to be novel, since it is described in document 1 cited in the ISR.
